

# UrbiGo green startup

## VISION

To embody nature into everyday urban life.

## MISSION

Our core purpose is to create green and connected communities of the future starting from our homes.

## OUR CORE VALUES

**Using technology in balance with nature.** Recycled and recyclable materials are an essence for our business. Because gadgets should be made with bigger purpose.

**Long term positive impact.** We don't want to just create a good product, but an ever lasting positive impact on society and your life.

**Education for sustainable future.**  
The good and green life is guided by knowledge.
